

# ***Introduce Yourself with AB5***

## ***When Interviewed for TV, Radio and Podcasts, Make Crystal Clear What You Think of AB5***

*There are far more frustrated freelancers and savvy self-employed voters in your district than there are AB5 supporters. Your voters all know Democrats betrayed them in Sacramento by passing—and keeping—this horrible law. When you introduce yourself, say publicly what's on their minds.*

**“Thanks, ...[host,]... for this chance to discuss how worried I am about AB5 and how it's wrecking the lives of honest, hard-working people in my district around [city] and all across California.**

**“I can tell your listeners, ...[host,]... that I and my fellow Republicans will dump AB5 if the people of California vote for us in November.**

**“The facts are—**

**AB5 was put in place entirely by Democrats.**

**The Democrats knew exactly what they were doing.**

**Democrats were warned AB5 would destroy peoples' lives.**

**Democrats intended this harm.**

**“That is the shocking, ugly truth about the AB5 Democrats.**

**There is only one way AB5 can be stopped—Vote Republican.”**

*Here in 110 words is the whole story about you, your concern for your voters, your commitment to changing the law in-state and nationally, and your vision for free enterprise for all who want better for themselves and their families.*
